Function and Duties of ESWM Board. The Primary functions and duties of the ESWM Board are the following:

1. Develop the SWM Plan that will ensure the long-term management of solid waste, as well as integrate the various solid waste management plans and strategies of the barangays of the municipality;
2. Adopt specific revenue-generating measures to promote the viability of its SWM plan;
3. Develop the specific mechanics and guidelines for the implementation of the municipal SWM plan;
4. Oversee the implementation of the municipal SWM plan;
5. Monitor the implementation of the municipal solid waste management plan through its various political subdivisions and in cooperation with the private sector and non-government organizations (NGOs);
6. Coordinate the efforts of the component barangays in the implementation of the plan;
7. Recommend to appropriate local government authorities specific measures or proposals for franchise or build-operate-transfer agreement with duly recognized institutions to provide either exclusive or non-exclusive authority for the collection, transfer, storage, processing, recycling or disposal of solid wastes;
8. Review every two years or as the need arises the municipal SWM plan for purposes of ensuring sustainability, viability, effectiveness and relevance in relation to local and international developments in the field of SWM;
9. Adopt measure to promote and ensure the viability and effective implementation of solid waste management in component barangays;
10. Convene regular meetings for purposes of planning and coordinating the implementation of the SWM plans of the respective component barangays;

REPUBLIC OF THE PHILIPPINES
PROVINCE OF PANGASINAN
MUNICIPALITY OF CALASIAO

11. Provide the necessary logistical and operational support to component barangays in consonance with the Local Government Code; and
12. Recommend measures and safeguards against pollution and for the preservation of the natural ecosystem.
13. Set guidelines and targets for solid waste avoidance and volume reduction through source reduction and waste minimization measures, including composting, recycling, reuse, recovery, green charcoal process, and others, before collection, treatment and disposal in appropriate and environmentally-sound solid waste management facilities in accordance with ecologically sustainable development principles;
14. Ensure the proper segregation, collection, transport, storage, treatment and disposal of solid waste through the formulation and adoption of the best environmental practices in ecological waste management excluding incineration;
15. Recommends the institutionalize public participation in the development and implementation of national and local integrated, comprehensive and ecological waste management programs;

This Executive Order shall take effect immediately.

Done in the Municipality of Calasiao, Pangasinan this 2nd day of March 2023.

HON. KEVIN ROY D. MACANLALAY
Municipal Mayor
